

## CONDITIONS OF LEGAL USE OF THE SOFTWARE SKY PROG PROGRAMMER

The Software SKY PROG PROGRAMMER (hereinafter referred to as Software) is a commercial product.

The license to use the Software is provided when the user (the licensee) paid the full cost of the product. The terms of use are described in this License Agreement.

The demo version of the Software is designed and can be used only for the purposes of acquaintance with the functionality of the Software. Commercial use, sale, modification, combination with the Software of other manufacturers of the demo version of the Software is not allowed.

### LICENSE AGREEMENT

The author of the Software, Kirpika Dmitry Sergeevich, hereinafter referred to as the "Licensor", on the one hand, and the user, hereinafter referred to as "Licensee", on the other hand, taking into account that the Software is an object of copyright and is protected by the Law of the Russian Federation and the provisions of international treaties, have concluded this license agreement for the use of the above Software also of the electronic key, of the activation key, which are integral parts of the Software, any printed materials and any embedded or electronic documentation.

Property and copyrights to the Software, images, texts, instructions contained in the Software, belong exclusively to the Licensor. The Licensee is granted a license, that is, the right to use the Software for any purpose, provided that the following conditions and restrictions are met.

### LICENSE TO USE THE SOFTWARE

#### 1. Volume of the license.

1.1. Licensee has the right to use two copies of the Software simultaneously on two computers.

1.2. The Licensee does not have the right to use the Software in a multi-user system, and to grant sublicenses and other rights to the Software to third parties.

#### 2. Description of other rights and restrictions.

2.1. The Licensee can not reverse engineer, decompile, disassemble, translate, modify the structure, modify the Software, or create derivative works based on this Software.

2.2. The Licensee has no right to distribute the Software. Distribution is meant as providing access to third parties to reproduced in any form of Software components, including network and other means, as well as by selling, renting, transferring for temporary use.

2.3. The Software is licensed as a single product. The constituent parts of it can not be separated for use separately from the product.

2.4. The validity period of this license agreement is unlimited, provided that its terms and conditions are met. If the terms of this Agreement are violated, the Licensor may terminate the Agreement, in which case the Licensee shall return the Software, including all components, media, printed materials, any improvements and updates, and destroy all backup copies of the Software.

### 3. Technical support and Software updates.

3.1. The Licensor provides technical support for all licensed copies of the Software, but reserves the right to set the time frame and amount of assistance provided. The Licensor has the right to request additional data from the Licensee for technical support. In case of refusal to provide these data, technical support may not be possible.

3.2. The updates maybe is only for licensed copies of the Software. The Licensor independently establishes a time frame and conditions for Software updates. The Licensee has the right to choose whether to do Software updates or not.

### 4. Limited Warranty.

4.1. In accordance with the current legislation of the Russian Federation and the norms of International Trade Law, the Licensor guarantees that the electronic storage media and the Internet site contain the Software in an amount corresponding to the documentation.

4.2. In accordance with the principle of "AS-IS" accepted in the world trade practice, claims to the functioning of the Software, as well as incompatibility with the specific hardware configuration of the PC, are not grounds for making complaints. The Licensor does not guarantee that the Software does not contain errors, nor is it responsible for the direct and indirect consequences of using the Software.

4.3. The Licensor does not provide any guarantees, express or implied, that the Software will meet the requirements or expectations, meet the purposes and objectives of the Licensee.

4.4. The Licensor is not liable under any circumstances for any damage (including all, without exception, loss of profits, business interruption, loss of business information, or other monetary losses) associated with the use or inability to use this Software, even if the Licensor was warned in advance of the possibility of such losses.

### 5. The demo version.

5.1. The demo version of the Software, as well as the documentation is freely available for download and installation from the site <http://www.skyprog.net>.

Attention! When the full-featured Software version is installed for the first time using the activation key, the fact of this installation is fixed on the remote server of the Licensor. Starting from this moment, the refusal to purchase Software with the subsequent return of the paid money to the Licensee becomes impossible.

In this regard, the Licensor strongly recommends firstly install a demo version of the Software before installing the full version of the Software, as well as reading the documentation to make sure that the Software meets the requirements and tasks of the Licensee.

### 6. The activation key (code).

The Activation Key is subject to the validity of this Agreement. The activation key is designed to install full-featured Software. The activation key is issued personally to the Licensee and can not be transferred to third parties. The transfer of the Activation Key to third parties leads to a breach of this Agreement.

7. By purchasing, installing, copying or otherwise using the Software, Licensee unconditionally assumes all the terms of this Agreement.
